Satisfactory Academic Progress Policy

AVEDA FREDRIC’S INSTITUTE SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education. This Policy is provided to applicants prior to enrollment and is consistently applied to all students enrolled at the Institute. NOTE: Students receiving funds under any federal Title IV financial aid program must maintain satisfactory progress in order to continue eligibility for such funds. This Policy is intended to comply with all applicable rules and regulations applicable to students eligible to receive Title IV federal student financial aid. In the event that any provision of this Policy conflicts with any rules or regulations in effect with respect to Title IV federal student financial aid, the rules and regulations of Title IV shall apply.

A. EVALUATION PERIODS
Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology Program - 450, 900 and 1200 actual clock hours
Esthetics Program - 350 actual clock hours
Manicuring Program - 225 actual clock hours
Instructor Training Program - 500 actual clock hours

Transfer Students - Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by the midpoint in the course.

B. ATTENDANCE PROGRESS EVALUATIONS
Students are required to attend a minimum of 90% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 90% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

C. MAXIMUM TIME FRAME
The maximum time (which does not exceed 111% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

<table>
<thead>
<tr>
<th>PROGRAM</th>
<th>MAXIMUM TIME ALLOWED</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cosmetology (Full time, 30 hrs/wk) – 1500 Hours</td>
<td>56 Weeks</td>

<tr>
<td>Esthetics (Full time, 30 hrs/wk) – 700 Hours</td>
<td>27 Weeks</td>
</tr>
<tr>
<td>Manicuring (Full time, 37 hrs/wk) – 450 Hours</td>
<td>14 Weeks</td>
</tr>
<tr>
<td>Instructor Training (Full time, 40 hrs/wk – 1000 Hours</td>
<td>28 Weeks</td>
</tr>
</tbody>
</table>

The institution operates all programs according to a schedule of 900 hours per academic year of instruction.

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 90% of the scheduled contracted hours.

Students who have not completed the course within the maximum time frame shall be terminated from the program.

D. ACADEMIC PROGRESS EVALUATIONS
Theory, practical and clinical work are used to determine academic progress. Your academic progress at the Institute will be evaluated on the basis of written tests, clinical practical experiences, and final exams. Students must maintain a minimum cumulative grade point average of 80% in academic and practical/clinical work in order to be considered making satisfactory progress. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered...
according to the following scale:

### E. DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation. All periods of the student’s enrollment are counted when assessing progress, even periods in which the student did not receive Title IV funds.

### F. WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she will become ineligible to receive Title IV funds. See “Probation” and “Appeal Procedure” below.

### G. PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

### H. RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

### I. INTERRUPTIONS AND WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student’s contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student’s cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

### J. APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student’s situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

### K. NOTIFICATION AND RECORDS

Students shall be provided with copies of all Satisfactory Academic Progress evaluation reports. Copies of such reports shall also be placed in the student’s academic file, to which the student shall have access as set forth in the Course Catalog.

### L. NONCREDIT, REMEDIAL COURSES, COURSE INCOMPLETES, REPETITIONS

Noncredit, remedial courses, incompletes and repetitions do not apply to this institution. Therefore, these items have no effect upon the school’s satisfactory academic progress standards.
M. TRANSFER HOURS
With regard to Satisfactory Academic Progress, a student’s transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Cancellation & Refund Policies

In the event that a student withdraws/terminates during their program, the following refund calculations are prepared as follows.

Title IV Students:
1. Title IV Refund Policy applied
2. Institutional Refund Policy applied.

Non-Title IV Students:
1. Institutional Refund Policy applied.

Return to Title IV Policy
Step 1: Return to Title IV Policy applied first.
Step 2: Student account updated.
Step 3: Refund calculation.
Step 4: Returns will be completed within 45 days

The Federal Return of Title IV funds formula (R2T4) dictates the amount of Federal Title IV aid that must be returned to the federal government or the lending institution by the school and/or the student. The federal formula is applicable to an eligible student receiving federal aid when that student withdraws on or before the 60% point in time in the payment period. If a student does not begin training, the R2T4 formula does not apply.

For official withdrawals a student’s withdrawal date is the date the school received notice from the student that they are withdrawing.

For unofficial withdrawals a student’s withdrawal date is their last day of physical attendance. The school’s determination that a student is no longer in school for unofficial withdrawals is determined no later than 30 days after the end of the payment period, the academic year, or end of the program, whichever is earlier.

The federal formula requires a Return of Title IV calculation if the student received or could have received (based on eligibility criteria) federal financial assistance in the form of Pell Grants, Stafford Loans or Plus Loans and withdraws on or before completing 60% of the payment period. The percentage of Title IV aid earned is equal to the percentage of the payment period that was completed as of the withdrawal date. The percentage that has not been earned is calculated by subtracting the percentage of Title IV aid earned from 100%. The percentage of the payment period completed is calculated by the number of clock hours the student was scheduled to complete in the payment period divided by the total number of clock hours in the payment period.

The amount to be returned is calculated by subtracting the amount of Title IV assistance earned from the amount of Title IV aid that was or could have been disbursed as of the withdrawal date. If a student receives less Title IV funds than the amount earned, the school will offer the student a disbursement of the earned aid that was not received at the time of their withdrawal which is a post withdrawal disbursement. Post withdrawal disbursements may be offered if eligible from Pell Grant funds first if eligible. If there are current educational costs still due the school at the time of withdrawal, a Pell Grant post withdrawal disbursement will be credited to the student’s account.

Any Pell Grant funds in excess of current educational costs may be offered if eligible to the student. Any federal loan program funds due in a post withdrawal disbursement must be offered to the student and the school must receive the student’s permission before crediting their account.

The following Title IV refund distribution is used for all Financial Aid students due a refund:
1. Unsubsidized Federal Stafford Loan
2. Subsidized Federal Stafford Loan
3. Unsubsidized Direct Stafford Loan
4. Subsidized Direct Stafford Loan
5. Federal Perkins Loan
6. Federal PLUS Loan
7. Direct PLUS Loan
Refunds will be made to the federal programs within 30 days of the date of determination.

The statute requires that a student is responsible for all unearned Title IV program assistance that the school is not required to return. This is determined by subtracting the amount returned by the school from the total amount of unearned Title IV funds to be returned.

**Institutional Refund Policy**

For applicants who cancel enrollment or students who withdraw from enrollment or are terminated by the school, the following refund policy will apply. All monies due to the applicant or student will be refunded within 45 days of the official withdrawal date or the date the school determines that the student has withdrawn.

Cancellation/Official Withdrawal notices must be in writing. The cancellation/official withdrawal date will be determined by the postmark on the written notification, or the date the notice is delivered to the school administration in person.

The school will consider the student withdrawn if the student does not attend class for 14 consecutive days or notify the school of his/her intention to withdraw. The official withdrawal date is determined by the last day attended, as evidenced by attendance records. Attendance is monitored on a weekly basis. All miscellaneous costs that have not yet become due will be void.

B. This policy applies regardless of whether or not the student has actually started training.

C. If a student cancels his/her contract after three business days of signing the enrollment contract but prior to starting classes; then he/she shall be entitled to a refund of all monies paid to the school less the $350 registration fee. NOTE: There is no registration fee payment required for students admitted to the Instructor Training program.

   2. Provide completion of the course and/or program; or
   3. Participate in a Teach-Out Agreement; or
   4. Provide a full refund of all monies paid

G. If a student is on an approved leave of absence and notifies the school that he/she will not be returning, the date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the school that the student will not be returning; or the date that the student was expelled by the school.

H. When situations of mitigating circumstances are in evidence, the school may provide a refund that exceeds the amount
determined pursuant to the refund schedule set forth in paragraph D, above.

I. The cost of the kit and supplies is not included in tuition adjustment computations. These items become the property of the student and are non-refundable.

J. If the school is permanently closed and no longer offers instruction after a student has enrolled and instruction has begun, the school shall, at its option:
   1. Provide a pro-rata refund of tuition; or
   2. Participate in a Teach-Out Agreement.

Collection Policy
When a student is terminated/withdraws from the program we inform the student of any balance owed to the school by mailing out a letter with this information. A student’s diploma and/or hours will be released once all financial obligations to the school have been fulfilled.

The school is committed to using ethical business practices in connection with any collection efforts. Collection correspondence shall reference the school’s cancellation and refund policies. In the event that the student’s enrollment agreement is sold or discounted to a third party, such third party shall be required to comply with the school’s cancellation and refund policy.
